Eighth and Final Bard Plan Panel Is Held

Bard College, Annandale-on-Hudson concluded its eight-week small business series Wednesday evening at Kingston High School auditorium. Prominent at the meeting were Orrin W. Robinson, director of public relations at the college; Benjamin Greenberg, speaker; Stanley A. Knisely, moderator; and J. K. Lasser, father of the Bard Plan, who was chairman. (Freeman Photo)

Bard Plan Is Continued On Monthly Basis in City

Knisely, Greenberg Are Speakers at Final Panel at K.H.S. Auditorium; Total Attendance Is 3,700; Observers Say Interest 'Amazing'

Continuation of the Bard Plan for Small Business on a modified and monthly basis was favored at the final session in the regularly scheduled series last night in the high school auditorium.

An earlier proposal for an extra-curricular session mainly for the discussion and answering of questions grew into the virtual extension of the series when a count of hands favored the monthly meetings, exclusive of the summer months.

Attendance at Wednesday night's session was approximately 300 persons. Total attendance for the series was 3,700. In the opinion of visiting speakers and observers from the U. S. and New

Patrolman Quits, Newkirk Reports

Scism Sends Letter to City Officials; Hearing Was Adjourned

Ralph G. Scism, 32, of 85 West Chester street, has resigned as a patrolman with the Kingston Police Department. It was announced this morning by Mayor Oscar V. Newkirk, president of the board of police commissioners.

The resignation was made by letter, dated April 21 and received in police headquarters today. No reason for the resignation was given in the letter.

Scism, a motorcycle policeman, had been under temporary suspension since Monday afternoon, April 19. He appeared before the police commissioners Wednesday afternoon for a hearing on certain "parking meter irregularities," Mayor Newkirk said. The commissioners adjourned until Monday, April 26, at 1:30 p. m. "for further investigation," the mayor said today.

Upon receipt of the letter of resignation this morning, Mayor Newkirk said Monday's meeting would remain as scheduled, at which time the commissioners will not open Scism's resignation and will not "probably" make an appointment to fill the vacancy on the force.

Exchange Won't Arbitrate

New York, April 22 (AP)—Mediation of the 25-day-old strike of 600,000 workers against the New York Stock Exchange was at a stalemate today after exchange officials rejected a proposal to arbitrate the sole remaining issue of wages. The arbitration proposal was made yesterday by a three-member panel of the Federal Mediation and Conciliation Service. The union, A.F.L. United Electrical Employees, agreed to arbitrate the wage issue, only remaining obstacle separating the disputants. However, Emil Schram, president of the exchange, turned down arbitration as a substitute for collective bargaining.

Soviets Ask Rigid Curbs On Air Hops

Russian Report Says British to Blame for Violation of Safety Regulations

Notice 'Required' Allies Asked to Notify Russians 24 Hours Before Flights

Berlin, April 22 (AP)—A Russian commission recommended rigid new restriction today on air traffic of the western allies in and out of Berlin.

The six-man commission, set up to investigate a British-Russian plane collision, urged that the Soviet commander, Marshal Vasily D. Sokolovsky:

(1) Require that the Americans, British and French give 24 hours' notice of their flights through corridors over the Russian Occupation Zone, with "details about the planes and their passengers."

(2) Prohibit those allies from making any corridor flight by night, in clouds, in the stratosphere or under other circumstances in which the plane cannot be seen from the ground.

The commission said only such "strict regulations" could prevent a repetition of accidents like the April 5 crash here between a British Viking transport and a Soviet Yak-3 fighter. The collision killed 12 Britons, two Americans and the Russian pilot.

The Russian report, which took up a full page in the official Soviet newspaper *Taegliche Rundschau*, blamed a British violation of air safety regulations for the accident. It said the British should be made to pay indemnities for the plane and to the dead pilot's family.

Held Own Probe

The British already had held their own investigation, blamed the Russians for the crash and said they would ask indemnities. Efforts toward a joint investigation had failed.

The latest Russian move came as some top American officials said they believe the Russians intend to kill Berlin's Allied Kommandatura, only Four-Power organization still functioning here.

The Russians Tuesday proposed that henceforth Kommandatura meetings be scheduled only from one Russian to the next, rather than the customary month in advance.

"That would give them an excuse to reduce the number of meetings by claiming they could not show up," one American official commented today. "The result might be first a crippling process and then through a creeping paralysis or whenever they were ready to make the break—killing the Kommandatura altogether."

Recommendations Rejected

Recommendations like those proposed by the Soviet Air Inquiry Commission previously had been presented by the Russians in the Allied Control Authority. They were rejected.

The manner in which the Russians renewed the proposals now indicated they might try to enforce them without seeking an inter-allied agreement.

The commission claimed the flight regulations were necessary especially because travel in the air corridors has increased greatly since the Russians laid restrictions on the allies' land transport a few weeks ago, blocking travel and supply.

The report said the transport emerged from a cloud and rained the Russian Yak in the rear as the fighter was preparing to land at Dölling Airport.

While wreckage of the fighter lay in British territory, the report said, it was manipulated so as "to give the false impression the Soviet plane did not have its landing gear down."

O'Connell Reappointed

Albany, N. Y., April 22 (AP)—John F. O'Connell of Larchmont was reappointed today by Governor Dewey as a member and chairman of the State Liquor Authority. O'Connell, whose term expired April 12, was given another five-year term. His salary is \$15,000. The four other members receive \$8,500.

Empty Shell Is Found in Detroit; 40 Are Seeking Reuther Attacker

More Than One Person Believed Involved; Red Car Is Not Located

Detroit, April 22 (AP)—Police said they are working on a "hot tip" today in Detroit's great man-hunt for the gunman who shot the C.I.O.'s Walter P. Reuther.

Chief of Detectives Jack Harvill said three union members would be brought in for questioning at once. He did not identify them further.

"We have a hot tip," Harvill told newsmen. "It looks good. That's all I can say."

His officers, meanwhile, checked an empty shell that may have come from the shotgun in the hands of Reuther's assailant.

William Muntford, a 16-year-old neighbor, found the empty 16-gauge shell near the curb on a street not far from Reuther's home. Witnesses told police the getaway car—a red sedan—traveled at high speed down the same street.

This indicated, police theorized, that more than one man took part in the attempt on the life of the 40-year-old C.I.O. United Auto Workers president by firing a shotgun blast through a kitchen window.

Reuther, on a fruit juice diet in a hospital, was said by his physician to be "doing fine." His right arm was shattered by the shot.

Detectives—there are 40 of them assigned to the widespread search for the would-be killers—said the shell apparently was thrown from the right window of a car. If it came from the red sedan, they added, it might mean that another man besides the gun handler was at the wheel.

Many Are Questioned

Sifting through the pile of possibilities, officers questioned dozens of the friends and enemies the fiery union leader had made on his climb to the presidency of the C.I.O. United Auto Workers.

But despite the offer of rewards totaling \$17,000—perhaps the largest in the nation's history—real clues to the Tuesday night shooting remained rare.

Reuther himself, lying in New Grace Hospital with his shattered right arm suspended in a traction cast, could offer little help.

McNally told "The Post's" "slightest idea" when asked who might have shot him.

It might have been, said the labor leader, "management, Communists or a screwball."

Following one of the scant clues, police checked all garages in the vicinity to find the red sedan that was seen dashing away from Reuther's house a moment after his stealthy assailant fired a shotgun blast through a window.

Police Commissioner Harry S. Toy said the fact that the car had not been found abandoned apparently proved, at least, one thing: "The shooting was probably done by an amateur."

"A professional would have disposed of the automobile by this time," he declared.

Reuther's associates in the U.A.W. pledged their all-out aid to police. Secretary-Treasurer Emil Munkley declared, "We'll get the guy who did it if we have to turn the whole town upside down."

Michigan state police also assigned crack detectives to aid Detroit authorities in their search, while the F.B.I. offered its complete laboratory facilities.

Reward offers flooded in. The U.A.W. itself pledged \$100,000 to the person or persons who could give information leading to the would-be assassins. "The city of Detroit offered \$10,000. From the A.F.L. International Brotherhood of Teachers came \$5,000. While \$1,000 each was offered by the West Side Amalgamated Local and the Michigan C.I.O. Council."

The Communist Party, which Reuther had bitterly fought, offered \$500 along with a statement denouncing the attack as "the most desperate of a number of Fascist assaults against the security and civil liberties of the American people."

Treasury Receipts

Washington, April 22 (AP)—The position of the treasury April 20: Receipts \$226,711,577.76. Expenditures \$177,550,283.62. Balance \$49,161,294.05. Customs receipts for month \$22,544,977.88. Receipts fiscal year July 1 \$36,054,223.26. Expenditures fiscal year July 1 \$28,581,236,133.15. Excess of receipts \$7,472,987,129.81. Total debt \$252,506,085,106.51. Decrease under previous day \$5,848,576.63. Gold assets \$23,159,294,840.80.

Reuther May Lose Use of Arm

Poughkeepsie Man Severely Injured; Galate Also Hurt

Automobile Smashes Into Light Pole at Saugerties; Taken to Hospital

Richard Dittmar, 30, of 58 College avenue, Poughkeepsie, is in the Kingston Hospital reported to be in a serious condition as a result of injuries suffered Wednesday evening at Saugerties when his Ford coupe crashed into an electric light pole. James P. Galate, 38, of 594 Broadway, Kingston, a passenger, was less severely injured and his condition was reported to be "fair" today at the hospital.

Chief of Police Arthur W. Richter of Saugerties said the car owned by Dittmar was proceeding south in the village about 500 feet south of the Sawkill creek bridge when it left the road and struck a pole. The pole was broken off about four feet from the top and electric lines north of Saugerties were temporarily cut.

When Chief Richter, Sergeant Harold Mills and Officer William Richter arrived at the scene, they found both men had been thrown from the car. The accident happened about opposite the caretaker's house at Seaman Park.

Dr. Lester W. Sonking was called and the John Layton ambulance conveyed both men to the Kingston Hospital.

The accident happened about 8:10 o'clock and no other car was involved. Chief Richter said there was a slight left turn at the scene and the pavement had "quite a pitch to the gutter" which may have been responsible for the driver losing control of the car.

Galate suffered injuries about the face and Dittmar has a fractured ankle, fractured left leg at the knee, fractured left wrist, fractured hip, fractured left arm and a possible skull fracture.

Traffic was tied up at the scene for about three hours while re-

Drunken Driving Charge Dismissed; Peters Fined \$25

Saugerties Resident, 22, Is Discharged by Court; Tests Presented as Evidence

In city court today, John Russell Peters, 22, of Saugerties, was freed of a charge of driving while intoxicated and his plea of guilty to a reckless driving charge was accepted instead of a third degree assault with automobile charge. He was fined \$25 on the reckless driving charge, and was then discharged by the court.

Peters was arrested on November 14, 1947, following an automobile accident in this city in which Chief of Police Ernest A. Boss, 44, was severely injured. Chief Boss died at Kingston Hospital on December 24.

Judge Matthew V. Cahill today dismissed the drunken driving charge on recommendation of the district attorney's office, represented by Attorney Harry Gold. It was brought out in court that both the medical examiner's report and laboratory tests showed that the youth was not intoxicated at the time of the accident.

Peters' plea, through his attorney, Richard Overbaugh, offered a plea of reckless driving, in lieu of the more serious charge of third degree assault. Harry Gold, for the people, recommended this plea be accepted with the imposition of a small fine.

Judge Cahill accepted the plea, imposing a \$25 fine, and dismissed the assault charge. The specification of the plea on reckless driving was a stop sign at the corner of Smith avenue and Cornell street, where the accident occurred.

At the time of the accident, Peters was only slightly injured, being treated at the scene for a sprained right ankle and a broken front tooth. A passenger in the Peters car, Gregory Mullyst, also of Saugerties, sustained injury to his right shoulder, police reported at the time.

Jews Seize Haifa Control; Arabs Call Battle 'Massacre'

(By The Associated Press)

Jews seized control of Haifa, Palestine's rich port city, today after an all night battle which an Arab spokesman called a massacre.

The Arabs, asking the British military to mediate, declared many Arab women and children were shot trying to flee. One spokesman said "It was another Stalingrad—we were not prepared."

The Jews denied women and children were shot. Haganah, the Jewish militia, said the Arabs lost only 20 dead and the Jews four. The Jews demanded disarmament of Arab forces, an end to sniping and other guarantees.

In Washington, officials predicted President Truman would ask Congress to approve use of American troops to help police Palestine if the United Nations decides to send soldiers to the Holy Land.

In Italy, Palmiro Togliatti, Communist Party secretary general, said the Communists have no intention of using force to upset the results of the election, which showed under their Popular Front. Togliatti blamed "brutal foreign intervention" for the defeat.

Victorious Premier Alcide de Gasperi, head of the Christian Democrats, denied this, saying it was a "very grave accusation." De Gasperi promised last night a program to fight unemployment, raise living standards and push reforms and said he would brook no interference with it.

American Proposal Is Challenged

Soviet Satellites Join in Attack on Plan for Trusteeship Over Holy Land

Anglo Angle Due

Britain Is Expected to Make Stand Known on Proposal

Lake Success, April 22 (AP)—Australia demanded today that the United Nations proceed immediately to carry out partitioning of Palestine.

The Soviet-satellite bloc also reopened its attack on the United States proposal to shift from partition to trusteeship.

In a direct challenge to the American proposal to discard partition, Australia laid a three-point demand before the 58-member Political Committee of the U. N. General Assembly.

The Australian resolution proposed that the assembly direct the five-nation Palestine Partition Commission to:

1. Proceed immediately with the creation of provisional councils of government for the projected Jewish and Arab countries in Palestine and with the establishment of local militia forces for the two new countries.

2. Take over the civil administration in Palestine in cooperation with one or both of the provisional governments when Britain terminates the mandate May 15.

3. Call on the Arab countries to prohibit their nations from taking part in the Palestine fighting.

France pleaded before the committee for urgent action to safeguard Jerusalem's people and holy relics.

The French proposal was laid before the 58-nation political committee of the General Assembly by Alexandre Parodi as the committee resumed general debate on the Palestine crisis.

Parodi proposed that the U.N. trusteeship council be authorized "to take the necessary steps to insure the protection of the city and of its inhabitants."

Parodi asked that the French measure be given top priority so that the U. N. trusteeship council could begin consultations at once on recruiting of an emergency police force for Jerusalem.

Large-scale fighting continued meanwhile in Palestine. Dispatches from the Holy Land said the Jews had virtually seized control of Haifa, key port city, after heavy all-night fighting.

Britain is expected to make known here shortly her official position on the American proposal for a United Nations trusteeship in Palestine.

Places Name on List

Arthur Creech Jones, British colonial secretary, placed his name on the speakers' list for the assembly's 58-nation political committee today. The meeting was set for 10:30 a. m.

Reports from London said the cabinet was meeting several hours earlier to consider the situation again. A British delegation spokesman said last night that no new instruction had been received and it was doubtful if any orders would arrive in time to change today's speech. Creech Jones planned to reply to Russian and Jewish attacks on British policy in the Holy Land.

The Security Council accepted an American proposal for a meeting tomorrow to discuss steps to enforce the thus-far ignored truce order upon the Jews and Arabs. The United States is expected to propose sending a U. N. truce commission into Palestine. Provision also may be made to give the commission a police force.

Start on Playground

A crew from the Board of Public Works began work today grading the former Sahler Sanatorium property between Wall street and Washington avenue. The land, which was purchased by the Board of Education for the erection of a new public school, will be used as a playground area until actual construction on the proposed school is begun.

County Receives \$461,013 in School Money From State

\$175,575 Is Kingston's Share of Quarterly Payment for Present Year

Jay W. Rifenbary, Ulster county treasurer, has received from the State Department of Education the sum of \$461,013.77, being the final installment of State Aid to Public Schools, Union Free Schools, High Schools and Central Districts of Ulster county for the year May 1, 1947 to May 1, 1948.

The total State Aid for education in Ulster county for the present year amounts to \$1,163,988.74 as compared with the sum of \$1,041,223.61 which was received for the previous fiscal year.

Of the final payment just received by the county treasurer, the sum of \$36,777.24 goes to the school districts of the First Sub-

Sawyer Is Chosen to Fill Harriman's Secretary Post

Washington, April 22 (AP)—President Truman moved swiftly today to avoid a gap in his cabinet. He picked former Ambassador Charles Sawyer to replace W. Averell Harriman as secretary of commerce.

Mr. Truman offered the post to Sawyer a few hours after Harriman late yesterday accepted appointment as "roving ambassador" for the European Recovery Program. Harriman's nomination goes to the Senate today.

High administration officials, who declined to be quoted by name, said Sawyer's formal nomination will be announced soon.

The 61-year-old Cincinnati lawyer has been a frequent White House caller.

The same administration authorities said Mr. Truman also hopes to decide on a new secretary of agriculture before Clinton D. Anderson steps out next month to run for the Democratic senatorial nomination in New Mexico. They said the President has given no indication what he has in mind for that cabinet job.

**Boeing Strike Begins
For 13,800 Employees**

Seattle, April 22 (AP)—A strike of Boeing Airplane Company's 13,800 employees began early today

over a wage dispute. The strike followed failure of federal conciliators to bring about a meeting between the Aeronautical Mechanics Union (Amu) and company representatives. The company yesterday turned down union proposals for a wage

increase of 30 cents an hour or for arbitration of their wage dispute. Each side has contended that the other wanted to arbitrate "on its own terms." The plant is producing B-50 bombers and strato-freighters for the army.

President William M. Allen of Boeing said the additional union demand for eight paid holidays would push the wage increase to 35 cents. He said "the company cannot remain in business and pay wages that far above the rest of the industry."

The union countered with the statement that the average wage at the plant is \$1.38 per hour, "which is extremely low in comparison with living costs and other wages in the Seattle area." Scales range from \$1 to \$1.80 an hour at the Seattle plant.

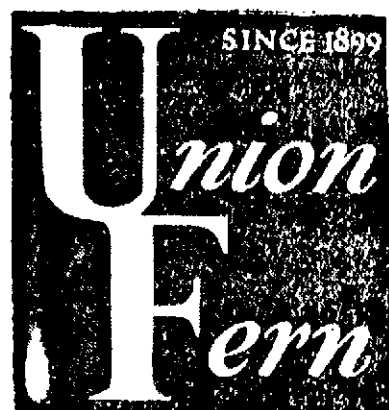

Black Market Beef

Pennfield, Portugal (AP)—Curious when the family of a man suspected of illicit slaughtering of cattle refused to rise from their beds when the police called, the

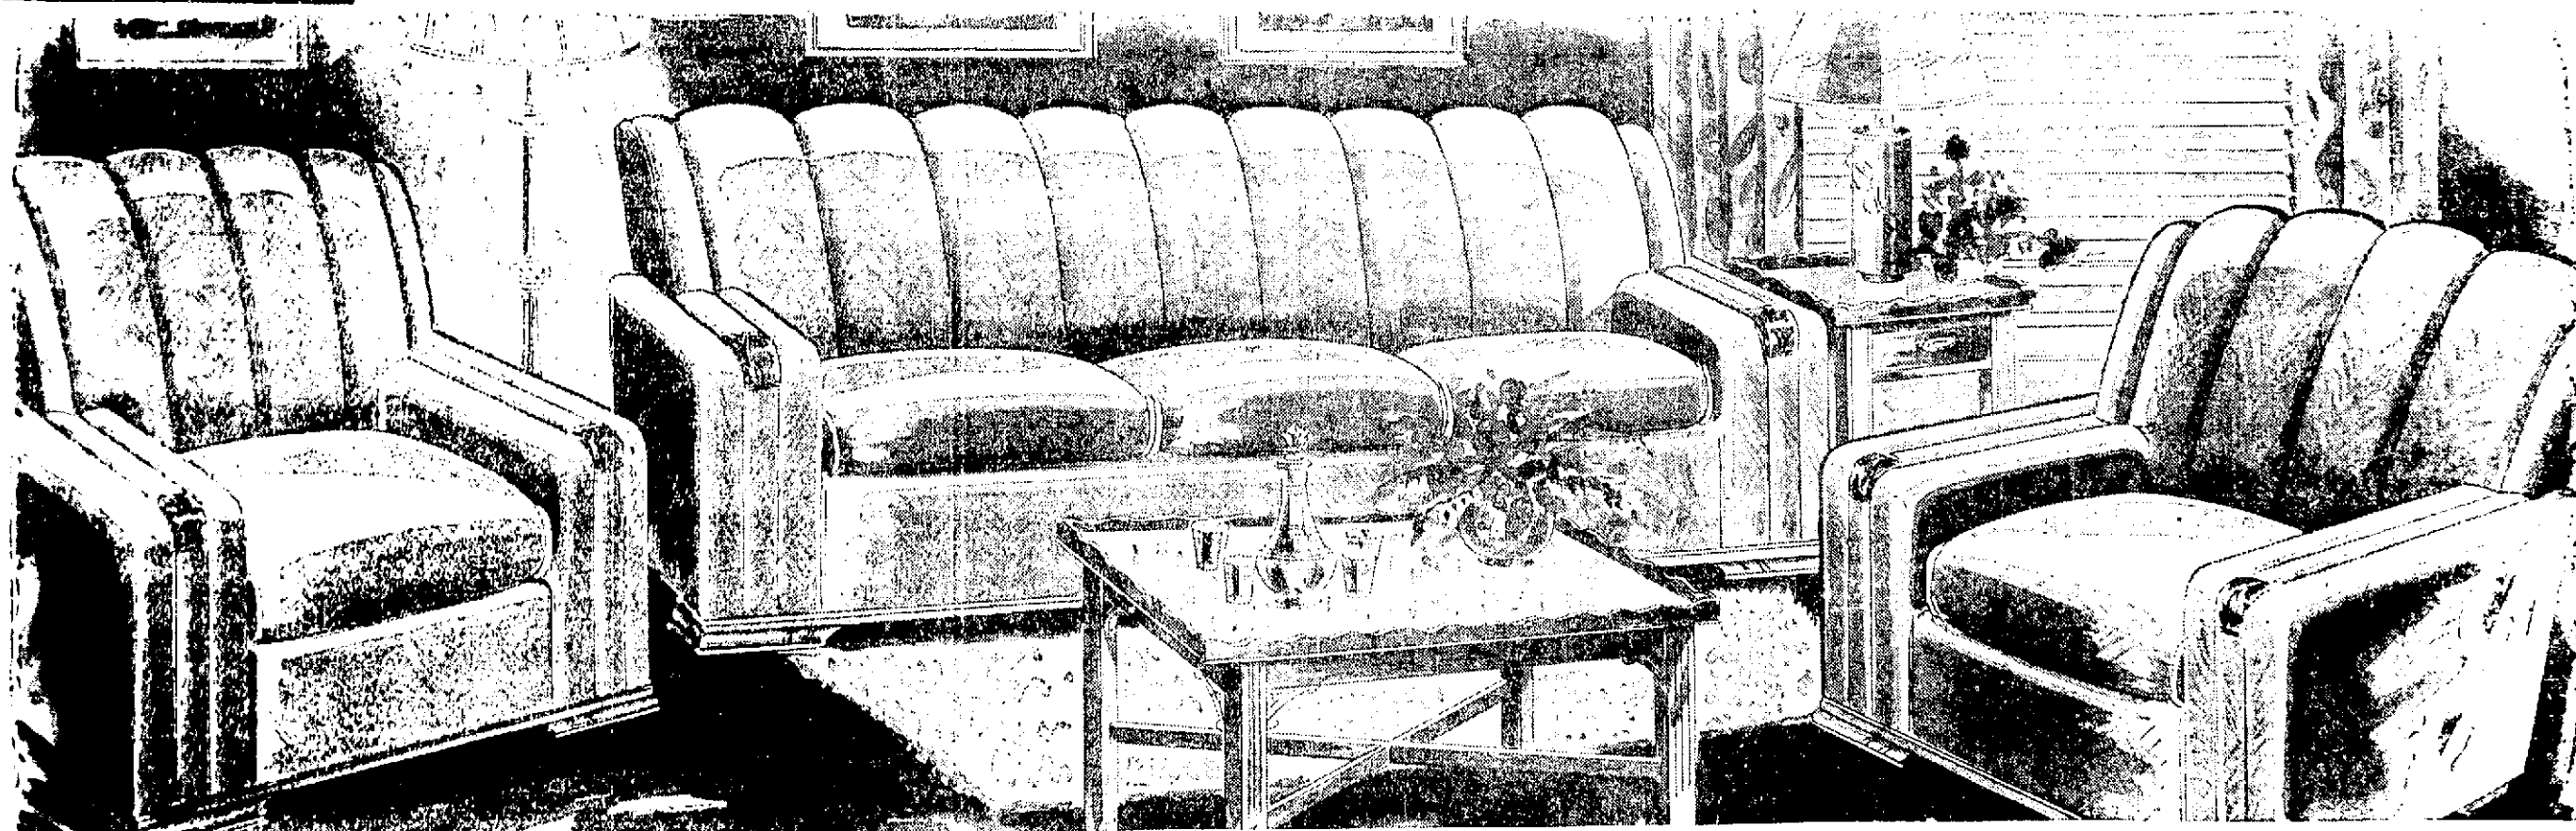

anti-black market squad took strong measures to force them out. Under the mattresses and in the pillows were hidden legs of beef and shoulders of mutton, cutlets and steaks. Even the grandfather clock was full of meat.

New Type Blues
For U. S. Sailors

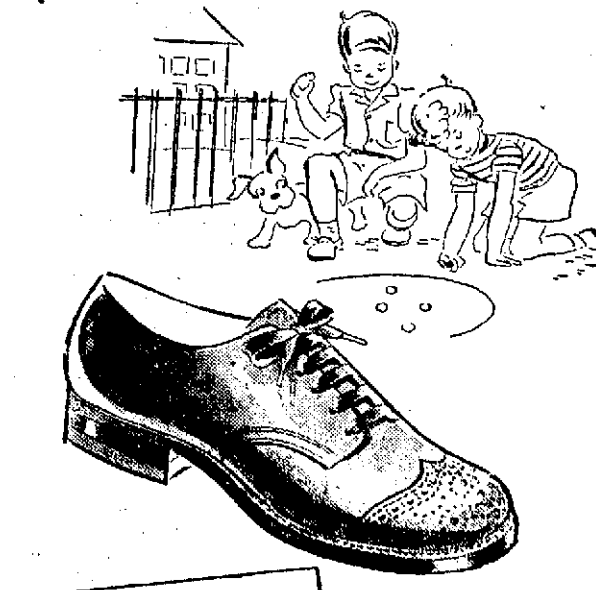

Washington, April 22 (AP)—Sailors' dress uniforms soon will be minus the famous 13 buttons on the trousers and buttoned cuffs on the jumpers.

Instead new dress blues, which will be issued in a few months, will have conventional-front trousers with hip and slash side pockets. And coat style sleeves will replace the buttoned cuffs.

Secretary of the Navy Sullivan has approved the changes, it was announced today.

Mock Raid Is Staged

Wiesbaden, Germany, April 22 (AP)—A fleet of American Superfortresses based in Germany staged a mock raid today on Port Said, at the mouth of the Suez Canal. The non-stop round trip covered 3,600 miles. U. S. Air Force headquarters said the flight went off without incident. The planes took off shortly before midnight and the first of three groups landed early this afternoon.

Bard Plan . . .

Continued from Page One
ser was chairman of last night's session.

Lasser Is Gratified

Lasser told a Freeman reporter last night, "The reaction of Hud-

son valley business people is a source of personal gratification to me. On a broader plane the success of this unique series shows how much the dissemination of this sort of information is needed on a national scale. Those of us who were close to the Bard Plan worked on the details

for nine months before the March 4th opening. We have been sincere in our efforts and I hope we have given our faithful audiences something they can profit by in their enterprises."

Ehlman, who attended most of the meetings since the start of the plan, declared: "You people who have attended all of these meetings are certainly fortunate. You are to be congratulated for your interest and enthusiasm." "Those interested in the plan," Ehlman declared, "were fortunate to have the interest of Bard College and the support of the local press, radio, Chamber of Commerce, as well as prominent individuals and other organizations."

Such interest in local business men in their own welfare is essential he stressed because "things are moving fast today toward a buyers' market. The honeymoon is over and you are going to have to start digging." He urged the group to "keep abreast of new developments."

Ehlman suggested that Ormsbee W. Robinson, Bard College director of public relations, be selected as permanent moderator. He suggested the name of Thomas Bushnell, of the Central Hudson Gas & Electric Corp., as chairman of the group. Bushnell said he would consider the nomination.

Kinsely Talks Advertising
High points of advertising and

accounting were stressed at last night's session with Stanley A. Kinsely, executive vice president of the Associated Business Papers, the moderator, outlining the benefits and problems of advertising and Benjamin Greenberg, member of the Board of Directors, New York State Society of Certified Public Accountants, stressing simplified methods of accounting.

Modern advertising is a machine which "performs essential functions in the sale of goods," Kinsely declared. "Those who say 'advertising costs a lot of money,' he added, "are not familiar with its purpose and functions."

Such machines, he held, "are not fancy luxuries; they are the instruments of selling. It is the salesman's job to sell, he stressed, and 'advertising paves the way more than any other medium.'"

Reasons for advertising, he said, are vanity, because of competition, merely for support of publications, and some, just for the fun of it.

Five steps in making a sale, the speaker said are: 1, introducing the product; 2, creating an acceptance; 3, creating a preference; 4, fitting the product to the prospective buyer's needs; 5, closing the sale.

All sales can be accomplished, he emphasized, by some form of advertising and "salesmen representing well advertised houses get

more sales." "Those who approach advertising, however, with a mere attitude of 'I guess I'll try it out,' are generally the losers, because it is the man himself who is on trial and not the advertising."

"The advertiser must gauge the amount and kind, and from start to finish, figure his own requirements, and he should remember that 'facts mean profit if properly used.'"

Much information on advertising can be obtained from such agencies as the U. S. Department of Commerce and "a lot of information" can be obtained from many sources "for a postage stamp."

Specialized instruction is not always necessary in advertising, the speaker stressed, and much has been done directly and simply such as in the "homespun letters."

"The man who simply says he doesn't advertise, does not mean just that, the speaker said. 'He means that he does not avail himself of modern means of increasing sales.' A merchant must use advertising principles to get advertising results."

Advertising "is salesmanship in print," the speaker said, but added that there is no real "quick" or comprehensive definition of advertising.

One slogan he said which has done untold harm, is "It pays to advertise." This, he said, has led many to go overboard, and he stressed that "It pays only if you get your dough back."

Among aids to advertising, the speaker said, is the business press. The publications, he stressed, are virtual "post-graduate text books." A display of the various publications was set up at the entrance of the auditorium before the session opened.

Benjamin Greenberg emphasized in his talk on accounting that "Big business has learned to talk accounting in simple, understandable language," and in this sense there is no difference between large and small businesses.

Information "on the finger tips," the speaker said, can be helpful in gaining comparisons of trends in one year as against another and in one period of any one year against a preceding or similar period.

A properly designed set of records, he said, helps prevent a business man from going "overboard in his future planning."

Wherever feasible, the speaker said, it is advisable to take inventories more often, and some business men have a simple, perpetual inventory system. In these, he ex-

plained, many disregard the minor and slow-moving items, and limit themselves to the "significant" volume trends.

"When sales go down your advertising should go up," in any humble opinion. During the question and answer period he also advocated group advertising as the solution to some advertisers' problems, and suggested that many small business men would do well to consider the "public relations viewpoint" in the conduct of business.

An illustrated, highly simplified financial report of a major tobacco company was used by the speaker at the start of his talk to illustrate his point of presenting the highly technical subject of accounting in simplified terms.

Two movies dealing with the courtesy phase of business and supplied by Robert Case, manager of Reader's theatres, this city, were shown at the end of the session.

One of the films featured Chik Chandler, a former local resident, who has been acting in Hollywood for several years.

Woman Is Injured
In Auto Accident

Mrs. Anna Myers, 43, of 38 Gill street, was treated at Kingston Hospital about 5 p. m. Wednesday for an injury to her forehead, which police said was received when the car in which she was riding struck the rear of another car on Abert street.

Mrs. Myers was taken to the hospital by one of the drivers of the cars involved, according to a report made to police headquarters by Patrolman Peter Camp. After treatment, she was released from the hospital.

Police said Wayne G. Archibald, of 201 Washington avenue was the driver of the car in which Mrs. Myers was a passenger. Archibald was proceeding east on Abert street when his car struck the rear of another car parked in front of 56 Abert street, police

said. The parked car was owned by Walter R. Buchholz of 9 Wurts street, police said.

The Archibald car received damage to its right front fender, headlight and windshield, while the tail light in the center of the trunk on the Buchholz car was damaged, according to the police report.

The Difference

The only difference between shooting craps and playing bridge for money is that you wear out your pants in a different place.

A reporter was sent to get a brief story about a party being held in his neighborhood. The young scribe evidently was disappointed, as his sentence was in his story: "Refreshments were not served." And that is news in any man's town.

It's hard to keep up with beauty experts as when one of them says: "If you prefer to use lemon juice, squeeze it from a fresh orange."

Missus Mr. Patterson is such a housewife. He holds his umbrella over his wife more carefully than he did before they were married.

Missus: Sure, why not? He's got to pay for her dresses now.

When you want to borrow money, you discover which of your friends are really close.

A woman once helped promote a dance that was held in a school building. She was criticized by neighbors who declared it was a disgrace to hold a dance in a school building. The woman answered the criticism by saying: "I'd rather have my daughter dance in a school house than in a road house."

No matter how flat your conversation, a woman likes to have it flatter.

On a brass plate in an old Chinese wall was found this inscription: "Enjoy yourself. It is later than you think."

Quote: A bathing beauty is a girl who is worth waiting for.

The man ashamed of his home town might be surprised to know that his home town doesn't think so much of him either.

Yet Grandma pulled a straw from the broom and stuck it in the cake to see whether it was done, and nobody got a germ that hurt him.

Hitler's limousine has arrived in New York, but Adolf is not hiding in its deep upholstery.

Burton Discounts Negroes' Campaign for 'Disobedience' Republican State Member Says Segregation Is Key to Problem Facing U. S.

Albany, N. Y., April 22 (AP)—A Negro member of the Republican state committee discounts the possibility of "civil disobedience" as the proposed military draft law does not ban racial segregation of troops.

The H. C. Burton of New York City told the committee yesterday.

"The great majority of my people are here and never will flee from their duty to their country," he said.

Another Negro Republican, James M. Reynolds of New York City, said he would organize a "disobedience" campaign unless draft legislation bans racial discrimination.

Reynolds, chairman of the committee, said Jim Crow in military service is "humiliating."

He said a member of the committee, Congressman, was a successful G. O. P. candidate in the last Democratic Rep. election.

Reynolds' election was urged by Governor Dewey, who appointed him to the Correction Commission.

The G. O. P. state committee adopted a resolution by Burton calling for federal anti-poll tax legislation and establishment of a federal employment practices act.

Burton addressed the committee shortly after it had selected seven presidential delegates and alternates to the Republican presidential convention at Philadelphia.

Newly delegates favorable to Dewey were chosen in the primary April 21.

The committee, by resolution, urged heavy use of the Republican party under capable on its record alone of restoring order and competence to our floundering and chaotic national government.

Selected as delegates at large were J. Russell Sprague and Mrs. Charles M. Sprague, Jr., national committee members; Miss Mary Perkins, chairman of the State Workers' Compensation Board; U. S. Senator Irving M. Ives, State Chairman Glen R. Bedenkamp, Herbert Brownell, Jr., Dewey's campaign manager, and Edgar E. Jurek, Erie county G. O. P. chairman.

The alternates:

Mr. J. H. Todd, Tarrytown; Charles S. Hamilton and Richard W. Lawrence, New York city; Mrs. Winifred Swenson, Cornwall; Assistant U. S. Attorney, St. Albans; Lawrence, and Maude H. Richardson and Nicholas Pinto, Poughkeepsie.

The committee selected Bedenkamp as its vice chairman, Mrs. Todd vice chairman, Niles R. Becker secretary and Lawrence treasurer.

STONE RIDGE

Stone Ridge, April 21—Mrs. Fern Beatty has returned home from Montclair, N. J., where she visited her nephew, Claude Van Demark and family. Their daughter, Jane Beverly, was married, Friday.

The children of the school made their own cards for all the children of the village and for the veterans of World War I. The cards were made by the children of the school and were given to the children of the school.

A fund sale will be held at the Village Shop April 24 sponsored by the children of the Brownies.

The two-act plays presented at the Village Hall Saturday were "The Little Girl" and "The Little Girl's Story" by Mrs. Henry Ford and Mrs. Preston Haskin.

Stone Ridge Juvenile Grange held its regular meeting Monday afternoon at the Grange Hall with 22 members present. Some of the children in the group have started their projects

for the year which are sponsored by the State Grange. Prizes will be awarded for the best selections. The program by William Osterhout, juvenile lecturer, consisted of singing and games. Henry Emmons, retired New York policeman, talked on "The First Duties of a Patrolman," with some suggestions to the children on combating juvenile delinquency. Mr. Emmons was later made an honorary member of the Juvenile Grange.

The Stone Ridge Grange held its regular meeting Monday night. Harold Story, worthy deputy master of Ulster Park, attended and stressed ritualism, membership and service to the members. Also present were Mrs. Claude Palen of Hurley, chairman of service and hospitality of New York State Grange; Claude Palen, master of Hurley Grange; and Mrs. Isaac Graham, worthy juvenile deputy of Ulster county. The first and second degrees were conferred on a class of 18 candidates. The degree team was in charge of Ross K. Osterhout of Stone Ridge Grange, past master.

Mrs. Frank Davis has been in the village a few weeks during which time she sold her home here. She will return to Deland, Fla., where she has purchased a new residence. Mrs. Davis has made her winter home in Florida for a number of years.

Jerry Polinsky has returned from Saratoga, Fla., where he spent the winter. He also erected a new home there during his stay.

Mrs. Isaac Graham entertained at tea Mrs. William Roosa, Mrs. Marlatt, Mrs. Julia Webber, Mrs. G. K. Westcott, Mrs. Lester Roosa and daughter, Eleanor, on Tuesday afternoon in honor of Mrs. Roosa's birthday.

Mrs. Fred Brown spent a few days last week visiting her daughters in New Jersey. Mr. Brown went down for the week-end and returned home Sunday with Mrs. Brown.

German Fleet Needed

Hamburg, Germany, April 22—The German merchant fleet probably will be increased soon, a British shipping official said today, to help with the Marshall Plan. Before that can come, however, the Western Allies will have to make a very big decision—to abandon the Potsdam Agreement which limited the German merchant fleet to coastal trade. The Russians are sure to object strenuously.

Small Zoo

Pekin, Ind. (AP)—The Pekin Bears' campaign for a town park has reached a point of desperation. This southern Indiana town has no park yet, but readers have already filed the newspaper's back yard with donations for a wildlife exhibit for the park. Now the editorial voice is amplified by those of a fox, three goats and white mice.

Crunchy, toasted Kellogg's All-Brn, with taste-tempting spices and nutmeats, makes these muffins extra-delicious!

2 tablespoons shortening
1/2 cup sugar
1 egg
1 tablespoon molasses
1 cup Kellogg's All-Brn
1/2 cup milk
1 cup sifted flour
Blend shortening and sugar thoroughly; add egg and beat well. Stir in molasses, All-Brn and milk, let soak until most of moisture is taken up. Sift flour with baking powder, salt and spices. Add to first mixture and stir only until combined. Fill greased muffin pans two-thirds full and top with nutmeats. Bake in moderately hot oven (400° F.) 25 to 30 minutes.

Hurley Town Civic Association Names Slate of Officers

Final steps in the organization of The Civic Association of the Town of Hurley were taken at a meeting last night in Marge and Tom's Restaurant, West Hurley.

Michael Lombardi was named president of the association; Charles Messinger, vice president; William Ochler, secretary and Mrs. Catherine Stoutenburg, treasurer.

The organization will launch a general improvement program with stress on civic betterment and resort facilities in the region. A board of directors representative of the various sections of the township will be named shortly and a folder advertising the area will be published.

A total membership of 91 was reported as the result of last night's meeting and the officers expressed themselves as well pleased with this initial membership showing and the general enthusiasm shown since the proposal was first discussed. It was estimated that 125 attended the dinner and meeting.

Edward M. Huben of the Central Hudson Gas & Electric Corp., and director of the Ulster-Greene Vacationland Council, is sponsoring the organization. He outlined the general promotional program as conducted in various sections of the Ulster-Greene county area of the Catskills.

Two other recent sessions were

held to discuss the proposal before the final action to organize last night.

Auto Stolen, Also Wheel, Tire From Another Vehicle

One automobile was stolen in this city Wednesday night and a wheel and tire was taken from another car earlier the same day, according to reports which have reached police headquarters.

Milton Bahl, 336 Albany avenue, told police his car was taken from the parking grounds off Fair street extension sometime between 8:40 and 10:35 p. m. The car, a 1938 DeSoto convertible coupe, colored grey and worth about \$500, had been parked there by his wife while she attended the moving pictures uptown, Bahl said.

A tire mounted on a wheel was taken from a car owned by Martin Glass of 80 Lucas avenue, who reported the loss at 3:10 p. m. Wednesday. He said the car had been left at a garage on Greenkill avenue for repairs. He valued the articles at \$15.

Sentenced to Jail
Louis Rotella, 17, and Amasa Peck, 18, of Phenicia were sentenced to 30 days each in the county jail by Peace Justice William C. Weyman of Phenicia yesterday on disorderly conduct charges. The two were arrested some time ago on the complaint that they had created a disturbance in the Phenicia theatre.

Arts, Crafts Show Enjoyed by Vets

Norman Astwood, chief of the recreation section at the Castle Point Veterans Hospital, has expressed his appreciation for the arts and crafts exhibit sponsored at the hospital last week by the Ulster County Artists Association, and has indicated that he will request the organization at a later date to bring another similar exhibit there.

In a letter to Alexander S. Fuhrman, president of the artists association, Astwood stated he will try to arrange a better location in the hospital for the next display.

He also informed Fuhrman that an article and cover design of Fuhrman's will be used in the May issue of the hospital magazine.

Not Only for Wife
Decatur, Ill., April 22 (AP)—Wedding presents, says Circuit Judge Martin E. Northland, are not the sole property of the wife. Taking issue with some etiquette authorities, Judge Northland denied the claim of Mrs. Edith Greenberg to \$550 worth of wedding presents. She asked them yesterday as she obtained a divorce from William Greenberg, Decatur merchant, on grounds of desertion. Judge Northland commented that an authority on etiquette said wedding gifts belong to the wife, "but she cannot be accepted as a legal authority." He ruled the \$550 worth of presents belonged to both husband and wife.

Boys Aid in 'Y' Campaign Drive

Two hundred members of the Boy's Department of the Y.M.C.A. distributed folders informing the public of the annual Y financial drive last Saturday. Most of the work was completed the first day and the remainder will be finished early this week. Clarence Cotell, Boy's secretary; Lou Schafer, physical director; Frank Sharwell, office manager, and Edward Bruck organized the work. The Bo McMillan, Kiwanis, Rotary, Edson, American Legion and Alpha Hi-Y Group were especially organized for the work. Members of the Preps and Cadets also participated. (John Crosby Photo)

KRUMVILLE

Krumville, April 21 — The Ladies' Aid met Friday at the home of Mrs. Ernest Smith. More plans were made for the annual fair and supper which will be held August 12. The next meeting will be held May 21 at the home of Mrs. Andrew Radtke.

Shirley Marie Babcock was given a surprise party Saturday afternoon in honor of her birthday. All the children of the local school were invited and a session of games was enjoyed.

Mr. and Mrs. Ernest Smith and family were dinner guests of Mr. and Mrs. Lorin Horn Saturday night.

Grain Broker Has Invention Hobby, Makes Gadgets

Kansas City, April 22 (AP)—Want an air conditioned straw hat equipped with an electric fan?

Or a mouse trap that doesn't kill but flips its victim out of the house?

The inventor is J. W. Haynes, 60-year-old grain broker, and he's perfected a lot more similar gadgets. His inventions were on display today at a hobby club show—and they attracted the most spectators.

Here are some of the others: A soup bowl that tilts automatically as the contents begin to lower, making it easier, Haynes says, to get the last few spoonfuls.

A fishing rod that recoils and raps the holder's knuckles to awaken him when he gets a bite.

A fork that has a windmill arrangement for winding up spaghetti.

The air-conditioned straw hat has vents that allow for removal of warm air and intake of cool air.

The mouse trap has a miniature catapult. When the trap grabs its victim the catapult is automatically released and the mouse goes flying out the window.

"What will prevent the mouse from coming back into the house?" Haynes was asked.

"Only his self respect," Haynes responded. "No self-respecting mouse is going to keep on coming back into a house from which it has been pitched out three or four times."

Mastitis Control, Dairy Barns Are Subjects at Dinner

Expansion of the mastitis control program to additional dairymen throughout the state was predicted by Dr. H. G. Hodges, supervising veterinarian of the New York State Mastitis Control Program during a recent Greene-Ulster Veterinary Medical Association banquet at the Airport Inn.

The present program is built around five state laboratories including the Regional Veterinary Laboratory in Kingston.

Using the theme, "Help for Dairymen," the speaker gave an informative talk on the progress of the study and control of mastitis on New York dairy farms and said that it is anticipated that this service will be extended to many more dairymen. "Much of this additional work," he said, "will fall upon the shoulders of the practicing veterinarians."

Cyrus Crowe, assistant state leader of County Agricultural Agents and secretary of the Dairy Barn Management Committee from Cornell, also spoke and told of the inception, progress and future services of the Dairy Barn Management program.

"Basically," he said, "the program is designed to help New York state dairy farmers increase the efficiency of milk production."

The speaker went on to add that suggestions which have resulted from much intensive study in regard to reducing labor costs, losses due to bovine mastitis, and the improvement of the quality of milk, will be made available through the Farm Bureau offices. These studies, it was pointed out, have been made by men from the College of Agriculture and the Veterinary College at Cornell.

Bovine mastitis, both agreed, is a worthy opponent of the best efforts of all the forces at the dairyman's command, and ultimate victory will depend upon the combined efforts of men at Cornell, the Extension service, veterinarians and the dairymen themselves.

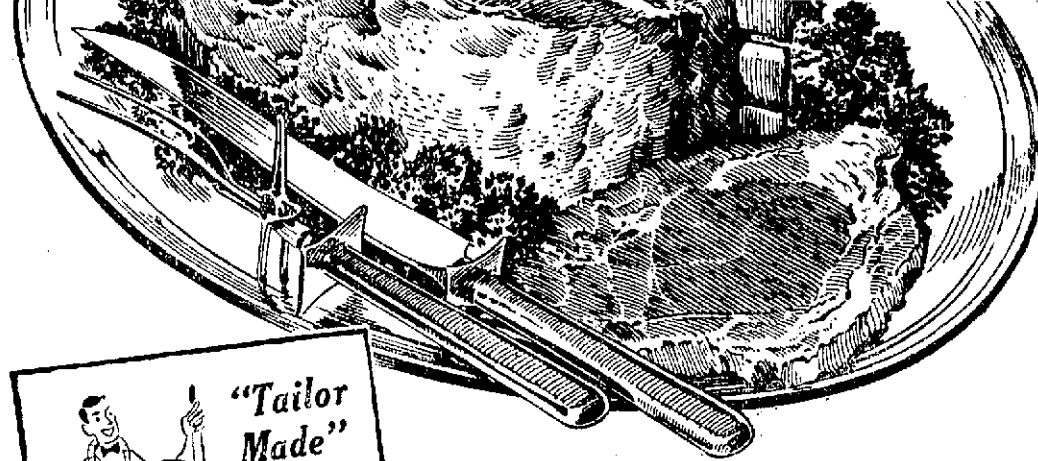

They warned that pertinent, critical data gathered at Cornell and distributed through the Extension Service must be applied rigorously, intelligently and unceasingly on every dairy farm. They said practicing veterinarians who understand each dairyman's problems must be prepared to give aid and advice in adapting this information to each individual dairy farm.

The two speakers from Cornell were secured through cooperation of the Ulster County Farm Bureau. Others attending the banquet were the Barn Management committee and 4-H leader from Ulster county, the Greene county agricultural agent, the mastitis control committee from both counties and many prominent dairymen.

EAT WELL for Less

By GAYNOR MADDOX
NEA Staff Writer

Today, meat is an expensive item of diet but cereals, also excellent sources of essential nutrients, are in the budget group. Many food experts advise combining both cereals and meat into budget main dishes.

Tomato Meat Balls
(5 to 6 servings)
One cup cold cooked farina, 1 pound ground beef, 1 egg, 1 teaspoon chopped onion, 1 teaspoon salt, 1/2 teaspoon pepper, 2 tablespoons fat, 1 can condensed tomato soup, 1 cup water.
Mix farina, beef, slightly beaten egg, and onion. Season with salt and pepper. Shape lightly into balls. Brown in hot fat. Add tomato soup which has been mixed with water. Simmer 20 minutes. Serve very hot.

Savory Pluke Meat Loaf
(8 servings)
One egg, 2 cups slightly crushed corn flakes, 1 1/2 pounds ground beef, 1/2 cup chopped onion, 2 teaspoons salt, 1/2 teaspoon pepper, 1 tablespoon Worcestershire sauce, 1/2 cup water.
Beat egg. Combine all ingredients thoroughly. Pack into greased loaf pan. Bake 1 hour in moderate oven (350 degrees F.). Serve either hot or cold.

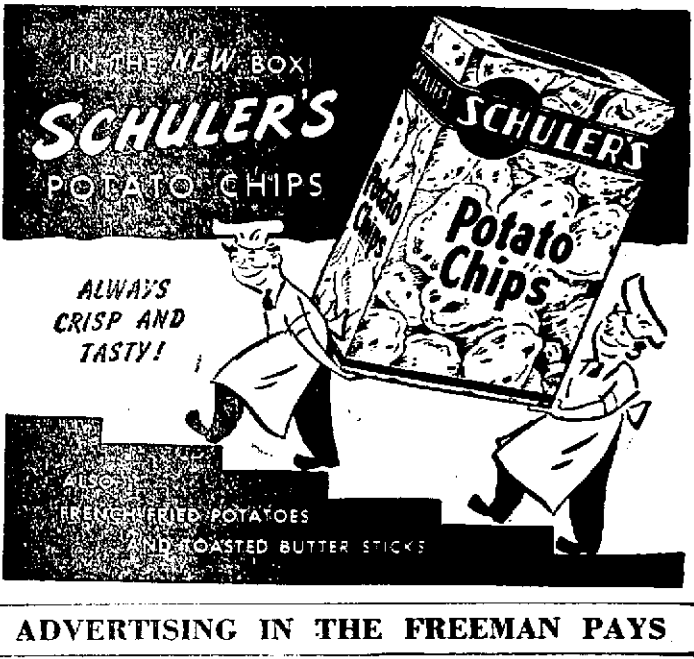

TOMORROW'S MENU
BREAKFAST: Stewed prunes, ready-to-eat cereal, nut coffee cake, butter or fortified margarine, coffee, milk.
LUNCHEON: Grapefruit, orange and banana salad with cottage cheese and cream dressing, whole wheat bread, butter or fortified margarine, tea, milk.
DINNER: Tomato meat balls, mashed potatoes, buttered beet tops, lettuce and shredded cabbage salad, enriched bread, butter or fortified margarine, chocolate bread pudding, light cream or whole milk, coffee, milk.

NEW! FRENCH FRIED POTATOES AND ROASTED BUTTER STICKS

ADVERTISING IN THE FREEMAN PAYS

NEW! By the Arnold Bakers Family:
A dainty sweet treat—Arnold breakfast buns!

Perfect for breakfast, lunch, as an afternoon snack—and the kids will love them any time!

For years our friends have been asking when we were going to bring out a good item. Well, here it is—and we're sure you'll have as much trouble keeping the new Arnold Breakfast Buns on your table as we had keeping them in our test kitchen. In them you'll find the same fine quality ingredients as in our bread and rolls. To point up the rich flavor of butter and egg yolks, we've added real vanilla extract. Then, as each bun comes warm from the ovens, we spoon over them a luscious butter icing. Call your grocer now and have him save a package for you.

Health for All
Measles

Because measles is so common among children, many of us regard it too lightly. Some of us even joke about it and tease the young patient about his spotty complexion. Unaware that measles frequently results in serious complications, many mothers purposely expose their children to it to "get it over with."

Measles is rarely a direct cause of death, it is true. The healthy child usually recovers easily and quickly from measles and rarely suffers serious complications, but the disease is a particularly serious threat to children under five years of age.

An attack of measles can weaken the patient, especially a young child, to such an extent that he is an easy prey for pneumonia, serious infections of the ear and other grave complications. So mothers should take every precaution to protect children of pre-school age against the disease, rather than deliberately expose them. If an older child in the household contracts measles, it is wise to ask the doctor what measures might be taken to protect other members of the family. He may advise inoculation, particularly of a baby or delicate child in the family.

Measles, one of the most easily spread of all diseases, is caused by a virus. Its early symptoms are similar to those of a cold: red, watery eyes, running nose, sneezing and fever. It is in this early stage that measles is most contagious. The characteristic rash usually does not appear until about four days after these first signs. Therefore, it is a mistake to put off precautionary and protective measures until the rash appears.

At the slightest suspicion of measles, the patient should be put to bed in a well ventilated room, away from other members of the family and visitors who might bring into the room other germs to complicate his illness. The doctor should be called immediately, and he, of course, will give the best advice on how to care for the patient. No matter how mild an attack of measles might seem, it is best treated by the doctor.

Kathryn Harford Dies at Hospital

Mrs. Kathryn Welber Harford, former postmistress at Hurley, died at the Kingston Hospital Wednesday afternoon following a brief illness. Born in Kingston, she was the daughter of the late George Welber and Mary DuBois. She resided in the vicinity of Hurley and had been actively engaged in the real estate and insurance business until her recent illness.

Surviving are a daughter, Lillian, wife of William C. Quick, Stone Ridge, a son, George, of Marlinton, and four grandchildren, Patricia and William Quick, and Albert and Gail Harford. The funeral service will be held Saturday at 2 p. m. at the Sutton Funeral Home, Hurley. The Rev. Arthur E. Oudemool, pastor of the First Dutch Reformed Church, Kingston, will officiate. Burial will be in the family plot in the Hurley Cemetery.

Growers to Study Camp Facilities For Puerto Ricans

A committee of the Ulster Vegetable Growers Co-operative Inc., will travel to Glassboro, N.J., near Camden, to study conditions at a camp of farm workers there preparatory to opening a similar camp in the county. It was decided at a meeting of the group in the home of Edward Davenport at Accord last night.

Plans for the opening of Camp Hayden at Kerhonkson about June 1 for the housing of 150 Puerto Rican farm workers, were advanced at the meeting.

Provisions were made for the hiring of a manager and the securing of a health permit for operation of the camp. The workers will be supplied by the United Labor Import Company, of Philadelphia, which will transport the 150 men to the county by plane. Edward Davenport, president of the organization, conducted the session.

Mows City Hall Lawn
Seasonal notes: Charles "Teddy" Fitzgerald, gardener and keeper of the city hall grounds, today gave the lawn in front of the city hall its first mowing of 1948.

There are more hoofed animals in America now than when the buffalo roamed.

M.J.M. Students Conducted On Tour of Local Airport

Several students of the School Aviation Club of the Myron J. Michael School visited the Kingston-Ulster Airport, Monday afternoon and were conducted on a tour of the field facilities by William Thorp, chief instructor. Some of the members also took rides over the city.

Students who visited the airport were James De Per, president; Donald Haggerty, Ben Ash-ton, Lefty Singleton, Jim Flaminio, Lorin Clearwater, Bill Schro-

der, Frank Warren, Joseph Haffner and Frank Bouck.

The organization meets weekly under the direction of Harry T. Gumaer, member of the school faculty.

Service Is Postponed

The Sunday night service originally planned for Sunday, April 25, in the Union Center Chapel has been postponed on account of the organ recital at the Ulster Park Reformed Church. Regular Sunday night services at the chapel will begin May 2 at 7:30 p. m., with the Rev. Robert Baines in charge.

the Christian Democrats have won 307 of the 574 seats in the Chamber of Deputies. The Popular Front appears to have 182. The Christian Democrats won 130 of the 237 elective Senate seats, to 74 for the Popular Front. The East-West struggle went on in Germany. There a Russian commission asked rigid restrictions on western allies' air traffic in and out of Berlin. These would require Americans, British and French to give 24 hours notice of flights through the international

corridor, and details of planes and passengers. An American spokesman said he believed the Russians would find the rules "pretty hard to enforce."

The U. S. European Recovery Program was getting into full gear. Secretary of Commerce W. Averell Harriman is resigning to become ambassador-at-large to the 16 Marshall Plan nations. In Latin America, Costa Rica's new government used guns to bring back peace to revolt-shattered San Jose.

The Pan American Conference in Bogota, Colombia, scheduled to close April 30, moved to take up the Colonial question. An Argentine resolution asks non-American

countries to give up their western hemisphere colonies.

Pan Am Assembly Return to Bogota; Agreement Sought

Bogota, Colombia, April 22 (AP)—The Pan American Conference, tentatively scheduled to close April 30, moves back to the national Capitol today amid efforts to reach an agreement on the Colonial question.

The United States differed with three Latin American nations yesterday in debate on an Argentine resolution demanding that outside countries give up their colonies in the western hemisphere. Secretary of State George C. Marshall expressed the U. S. view, opposing the resolution.

A committee was appointed to draw up a resolution acceptable to all the 21 delegations to the ninth international conference of American states.

The conference began March 30 in the Capitol. An uprising April 9, officially blamed on the Communists, disrupted the conference, but five days later the meeting was resumed in a suburban preparatory school.

Meanwhile, the Capitol was repaired. In the debate on colonialism, Argentina, Chile and Guatemala pleaded for recognition of their territorial claims against Great Britain.

Argentina and Chile dispute British claims to parts of the Antarctic continent and islands to the north. Guatemala claims British Honduras (Belize).

Marshall opposed any resolution that "appears to prejudice the conflicting claims of friendly na-

tions." He urged peaceful solutions of the territorial disputes consistent with the United Nations charter. He said the conference should not be turned into a law court.

For a Stronger, Safer All-Steel Cab GET A NEW GMC

New light and medium duty GMC trucks give you cab construction that's the last word in ruggedness. These bigger, finer GMC cabs are all-steel all the way through... rigidly braced at every point... all-welded without the use of a single bolt, nut or screw... 6 1/2 times stronger than prewar! They offer such outstanding design developments as double-wall "battleship" construction at critical points... solid, sealed windshield installation... one-piece welded dash, toe-board and floor. They're newly insulated and sound-proofed... newly mounted in 3-point rubber-stabilized suspension. Everywhere these new GMC cabs are better... everywhere they set new standards of safety, stamina and strength.

You get ultra-modern styling, too, in new light and medium duty GMCs. Radiator grilles are as strong and sturdy as they are smart. Lamps are rigidly mounted in heavier, smoothly streamlined fenders.

Farley Predicts Truman, Stassen

Rocheater, N. Y., April 22 (AP)—James A. Farley, former national Democratic chairman, predicted today that President Truman would be the party nominee.

Farley said at a news conference that Mr. Truman apparently would have the border states and the states in the north which, under majority rule, would be enough.

He declared that former Governor Harold Stassen of Minnesota was stronger among the Republican people than with the leaders of the party.

Stassen "completely fooled" the Republican leaders in Wisconsin and Nebraska, he added. He said what Dewey had done in those two states had been "fatal" to him.

I.T.U. and Local Are Found Guilty Of T-H Violation

Washington, April 22 (AP)—A trial examiner for the National Labor Relations Board today found the International Typographical Union and its Baltimore Local 12 guilty of violating the Taft-Hartley Act.

The examiner, William Ringer, recommended that the board order the I.T.U. to change its internal constitution, by-laws, general laws, and policies to conform with the law. These were the violations he said he found:

1. Local 12—but not the I.T.U.—has refused to bargain, and the parent organization has required local unions to refuse to bargain.

2. Both the I.T.U. and Local 12 have coerced or restrained employees by requiring them to become I.T.U. members as a condition of employment.

3. Both the international and the local have tried to cause employers to discriminate against non-union printers.

The case was begun by the Graphic Arts League, which represents 22 commercial printing companies in Baltimore.

But Ringer's report, if adopted by the five-man N.L.R.B., would apply nationally against the I.T.U. and would affect I.T.U. relations with newspaper publishers as well as printing shops.

Robert N. Denham, the N.L.R.B. general counsel, has issued several complaints against the I.T.U. This is the first case, however, in which a trial examiner has reported.

Ringer recommended that Local 12 be ordered to bargain with the Graphic Arts League and put any understanding into a signed agreement.

He found that neither Local 12 nor the I.T.U. was guilty of coercing employers in selection of their foremen. The complaint charged there were "threats or warnings" to the companies to keep them from hiring non-union foremen. But Ringer said he found no substantial evidence of this.

The I.T.U. recently has revised its instructions to local unions in compliance with a temporary injunction issued by Federal Judge Luther M. Swygert in connection with another N.L.R.B. case begun originally by the American Newspaper Publishers Association.

(The A.N.P.A. case is still being heard before Trial Examiner Arthur Leff.)

Ringer's recommendations, if adopted, would go beyond the Swygert injunction in some respects, for example, the order to amend the I.T.U. constitution.

If no exceptions are filed to a trial examiner's report within 20 days, the board adopts his findings and issues an order, which can be enforced by a U.S. Court of Appeals if necessary.

Exceptions are usually filed, with the result that the five-man board headed by Paul M. Herzog reviews the examiner's report, holds a hearing, and either adopts or rejects his findings.

C.I.O. Faces Proposal By 40 Steamship Firms

New York, April 22 (AP)—The C.I.O. National Maritime Union today faced a proposal by 40 steamship companies that contract provisions for the union's traditional "hiring hall" be eliminated.

Under the present contract, which expires next June 15, all ship personnel are employed through the union's hiring hall.

The proposal was made yesterday by the ship operators in negotiations with the union for a new contract covering about 90,000 seamen.

At the end of the session, Joseph Curran, N.M.U. president, said the union has "made it clear we do not intend to give up the hiring hall."

The companies, which operate from Atlantic and Gulf coast ports, asked that references to the hiring hall be deleted, and a clause be substituted which states that employers would give "due consideration" to qualified union members.

Frank Taylor, president of the American Merchant Marine Institute, which represents the operators, said the new provision was advocated to conform with the Taft-Hartley law which forbids discrimination against non-union members.

At the outset of the negotiations, an estimated 800 seamen picketed the building where the meeting was held. They left after a special police detail arrived.

"We'll save the energy for another day," one picket commented.

Taylor said the management-proposed agreement provides for about 100 changes in the present contract.

The union has asked for wage adjustments, longer vacations, a 40-hour week at sea instead of the present 48-hour week and other benefits. Curran said specific wage demands have not been formulated.

New Government Acts

San Jose, Costa Rica, April 22 (AP)—Costa Rica's new government, acting sternly today, with guns, to bring peace back to revolt-torn San Jose. Armored cars were ordered out by President Santes Herrera's government to smash hands of armed militiamen still roving the capital's streets. Four militiamen were killed yesterday. Former President Teodoro Picado Michaleki, who signed peace terms dictated by rebel leader Jose Figueres, left yesterday for Managua, Nicaragua, after turning the government over to Herrera. 74. Herrera is to serve until about May 8, when a constituent assembly is to meet. Elections are planned later. The civil war started March 12 after Congress annulled the February elections in which Otilio Ulate Blanco won the presidency.

Rae Huish, from Mesa, Ariz.; Robert Andelin, Honolulu, Hawaii; Keith Williams, Salt Lake City; Stanley Steadman, Taylorsville; Burns K. Black, Antimony; and seated Rolfe W. Bickley, Salt Lake City; Dale A. MacAllister, Provo; Dean S. Farnsworth, Beaver; Howard H. Put-

nam, Woodruff, and Chester W. Hill, director, of Fayette. The chorus sang at the high school auditorium last year and will again present a varied program of compositions by Richter, Handel, Kountz, and many others including one or two favorite Mormon Hymns. The public is invited to attend the concert which will be sponsored by the Church of Jesus Christ of Latter-day Saints.

Rigas-Meeker Marriage Performed Sunday Afternoon

Miss Carol Jean Meeker, daughter of Mr. and Mrs. Clyde L. Meeker, 22 Mesler avenue, Wappingers Falls, was married to Frank G. Rigas, Marlborough, son of Mrs. Mary Rigas, Newburgh, Sunday at 3 p. m. in the Wappingers Falls Methodist Church. The double ring ceremony was performed by the Rev. Robert L. Mausterstock, pastor.

Joseph B. Holden, uncle of the bride, was organist. Spring flowers were used for decorations. Mr. Meeker gave his daughter in marriage. She wore a street length dress of dusty rose, white accessories and a white orchid corsage. Her sister, Miss Eleanor Meeker, maid of honor, wore a street length dress of powder blue with pink accessories and pink carnation corsage.

Angelo Gucciarelli of Valis Gato was his nephew's best man. Ushers were Malcolm Hatt, Marlborough; and Ernest Mott, Pawling.

A reception for the immediate families was held at the home of the bride's parents, Mr. and Mrs. Rigas left for a wedding trip to the South. She wore a navy ensemble with white accessories. They will live in Marlborough. Mrs. Rigas is a graduate of Wappingers Central School and attended New York State College for Teachers, Albany; and Wood Purinton Secretarial School, Poughkeepsie. She is a secretary for Central Hudson Gas and Electric Corp., Poughkeepsie. Mr. Rigas was graduated from Marlborough schools and Newburgh Free Academy. He is affiliated with Portable Products Lawn-mower Co., Newburgh.

Mary Emerick, Saugerties, Wed To Gerard Winnie

The marriage of Miss Mary Elizabeth Emerick, daughter of Mr. and Mrs. Horace Emerick, Saugerties, to Gerard Michael Winnie, son of Mr. and Mrs. Michael Winnie, Brooklyn, was performed at 3 p. m. Saturday in the Saugerties Lutheran Church. The Rev. Herbert Gihney, pastor officiated.

The bride wore a white satin princess style gown with finger-tip veil and carried a white Bible with gardenias and shower of white sweet peas.

Miss Margaret Emerick, sister of the bride and her only attendant, wore a pink gown and carried and old fashioned bouquet of pink and blue flowers. Joseph Winnie of Brooklyn was his brother's best man.

A reception for 25 guests was held at the Pleasant Valley Inn. Among the out-of-town guests were Mr. and Mrs. Michael Winnie, Robert Winnie, James Striffler of Brooklyn; Mrs. C. Denis and Mr. and Mrs. P. Haines of Albany. Afterward the bride and groom left for a wedding trip to Albany where they will make their home. She wore a grey suit with blue accessories and a corsage of gardenias.

Mrs. Winnie is a graduate of Saugerties High School and New York State College for Teachers. Mr. Winnie is an alumnus of Chesley High School, Brooklyn. He is employed at Sugar Maples, Maplecrest.

Mrs. Alice Smiley of Lake Mohonk gave her New York recital debut as a violinist Saturday afternoon at Town Hall. She has been heard on a number of occasions in this area and was guest soloist last week at the concert of the New Paltz College Community Orchestra.

In the New York Herald Tribune review of her recital were the following paragraphs: "Miss Smiley is a gifted musician. Her renditions were well proportioned, in a small frame, but crisp and spirited. Technically, she was quite able to cope with the demands of her program, and

her tone, though somewhat glassy on the E string, was elsewhere pure and firm. "The artist's neatly tied musical packages have, however, one loose end. Miss Smiley is conspicuously awkward in her use of rubato, which is too abrupt, and more than once caused a melodic line to snap off in the middle. Stylistically, though, she was quite at home in the Vivaldi-Respighi Sonata and the Mozart Concerto, the balance between opposing themes was juggled skillfully, and when a new phrase made its appearance Miss Smiley attacked it freshly and carefully contrasted it to what had gone before." Her program included sonatas by Vivaldi and Debuss; first New York performance of Boris Koutzen's "Symphonic Movement," and Mozart's Concerto in G, No. 3.

Final U.S.M.A. Band Concert of Series

West Point, April 21—The fourth and final concert of the Winter Series by the United States Military Academy Band will be presented at 3 p. m. (Daylight Saving Time) Sunday, at the Army Theatre. The concerts are free, and the public is invited to attend.

The guest artist will be Miss Ruby Mercer, lyric soprano, of the Metropolitan Opera Association. The United States Military Academy Band, under the direction of Captain Francis E. Resta, will present the following program:

Ode to Victory, Shilkret; Symphony No. 4 in D Minor, "Rom-manza and Finale," Schumann; Bijou Song from "Faust," Gounod; Caprice, Italian, Tchaikowsky; Norwegian Rhapsody No. 2, Svendsen; To the Queen of Heaven, Dunhill; Maids of Cadiz, Deb-lisse; Valse Triste, Sibelius; Bolero, Ravel.

The concert will be broadcast over Stations WGN, Newburgh; WJLP and WHVA (FM), Poughkeepsie.

Local Y.W.C.A. Plans Silver Anniversary Tea

In conjunction with National Y.W.C.A. Week the local association will observe its silver anniversary Thursday, April 29. Invitations to ten have been issued to all members and former members of the "Y" and the general public is invited. Hours will be from 3 to 4:30 and 8 to 9:30 p. m. A musical program and anniversary exhibit are planned.

The Kingston Association will join with the other 134 Y.W.C.A.s throughout the nation in inaugurating the first annual Y.W.C.A. Week, Miss Mary E. Van Valkenburg, executive director of the local association, announced today. The national event, which will be observed each spring, will focus attention on the role the organization plays through the activities and lives of the three million women and girl constituents of the Y.W.C.A. in this country.

Heretofore the 435 local associations of America have had a unified observance of World Fellowship in November of each year, when we celebrate annual week of prayer on a world-wide scale with the Y.W.C.A.'s of 69 foreign countries where our association is at work. Miss Van Valkenburg said, "But we have long felt that the story of the Y.W.C.A. in our own country has not been adequately told. In cooperation with the National Board of the Y.W.C.A. the locals have decided to celebrate National Y.W.C.A. Week each spring in order to acquaint others better with the vital role the Y.W.C.A. plays in community life in meeting the needs of women and girls on a local and national level as well as the international."

The program launching National Y.W.C.A. Week will be Sunday with a service of worship and dedication in National Headquarters, New York City. A panel discussion on housing problems and the effect on the lives of women and girls today will be conducted over stations of the American Broadcasting System Thursday, April 29, from 11:45 to 12 noon. Nationally known housing authorities and leaders of the Y.W.C.A. will speak.

Among its many activities the local association maintains a room registry service on which rooms available for boarders in the city are registered. Throughout the week the local association will hold open house for the public. Visitors will be welcome to any of the regular classes, clubs and activities. The climax of the week will be the silver anniversary tea.

Broadlooms

We carry Broadloom Carpets that are available in 9, 12, 15 and 18 feet widths. We carry nearly all makes . . . Plains, Figured, Embossed, Contract carpetings and special weaves including chenilles.

Oriental Rugs

These hand-made rugs are very carefully selected from large imports. It is our purpose to carry sound, healthy rugs of beauty with special care and caution that those we carry have not lost any of their vitality through the modern methods of washing to which most commercial oriental rugs are subjected. We have small, medium, and large sizes at lowest prices.
